

Your Choice...Our Promise

It's Your Choice. When hospice or home care is needed, it is your legal right to select the agency you feel will be the best fit for you and your family.

All hospice and home care agencies are not the same. It is important to note that although Prairie Home Hospice has been providing hospice care in Lyon County since 1984, we are no longer the only hospice agency available in Lyon County. **That means, if you choose to have Prairie Home Hospice & Community Care provide your home care or hospice services, you must be clear in letting your physician(s), hospital discharge planner and/or others know that you wish to have Prairie Home Hospice & Community Care as your hospice or home care provider.** They must respect your choice.

Our Promise. We hope you'll choose Prairie Home Hospice & Community Care as your care provider, if and when you or a loved one needs hospice or home care. Our experienced and qualified care team will meet with you and your family to explain our services; provide information about your options and the kind of care we provide; and help assess your care needs – now or in the future.
